Enhanced Incentives for Named Communities

Washington named community residential customers may qualify for enhanced incentives. Named community residential customers meet the criteria for Standard Incentives and reside in a census tract that meets at least one of the following criteria:

- The customer resides in a census tract that meets the Washington Department of Health (DOH) highly impacted community criteria:
 - The census tract is covered or partially covered by "Indian Country" as defined and designated by [statute \(RCW 19.405.020\)](#)
 - The census track ranks a nine or ten on the [Environmental Health Disparities Map](#), as designated by the Washington DOH.
- The customer resides in a vulnerable populations census tract.

Check customer eligibility here: Verify.WattsmartSavings.net/pacific-power-residential-customer-eligibility/

EQUIPMENT	INCENTIVE
Ductless Heat Pump	\$1,800 - \$2,000
Heat Pump Conversion	\$2,250 - \$2,500

Note 1. Restrictions apply. Equipment eligibility and incentives are subject to change. Please check website for latest information.

Note 2. Incentive may be capped so as not to exceed the qualifying project costs inclusive of other market funding sources.
